

Lower KS2 Home Learning

Dear Parents,

Just because you are at home, it doesn't mean your child's learning needs to stop! On this document are a list of websites that are great to continue your child's learning, along with tasks that we think would be great to have a go with! Continue with daily reading and try to get your children to answer questions about what they have read - just one or two would be fine!

Here are some ideas for home learning during the school closures:

<u>Curriculum</u>	<u>Maths</u>	<u>Reading</u>	<u>Writing</u>
Try to complete the curriculum homework map that was sent home at the beginning of the term.	Complete the Spring Maths Activity booklet	Aim to read your reading book for 30 minutes a day. This can be any book that is appropriate for Year 3/4.	Keep a diary during the period of school being closed. Try to write something each day to show what you have been getting up to!
<u>Research project:</u> Design a settlement that and ancient Mayan civilisation would be able to live and work in. Consider these: the land, buildings, plants and trees, people, religious places etc...	Complete the Teach Active maths homework. These are active tasks to get you up and moving, while learning at the same time!	Write a book review for each book you read. Each completed book review will be worth 25 house points!	Creative writing: write a story about anything you want. For inspiration, The Literacy Shed has many short clips and images that could inspire some creative writing.

Keep your brains and bodies busy and healthy, look after yourselves and others.

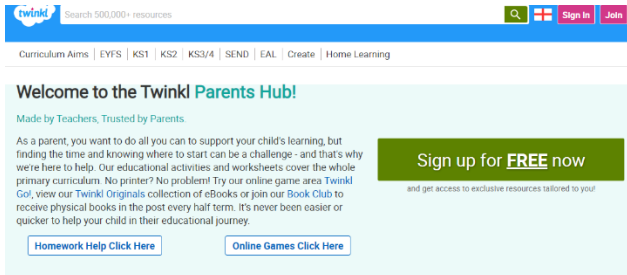

All the best,

Miss Grayson and Mr McIntyre.

Home School Learning Resources

Lower KS2

There are many different resources we can use to support our home learning. Please spend time each day accessing the different websites below, where you can access a range of Maths, English and Curriculum learning topics without any cost.

Parents are able to register and use Twinkl for free. Twinkl provide a range of resources and games for all subjects which children can access free of charge.

www.twinkl.co.uk

As a school, we are subscribed to Times Tables Rock Stars. Children have been given within this pack a reminder of their login details within this pack, so they can continue to practice their multiplication tables.

<https://trockstars.com>

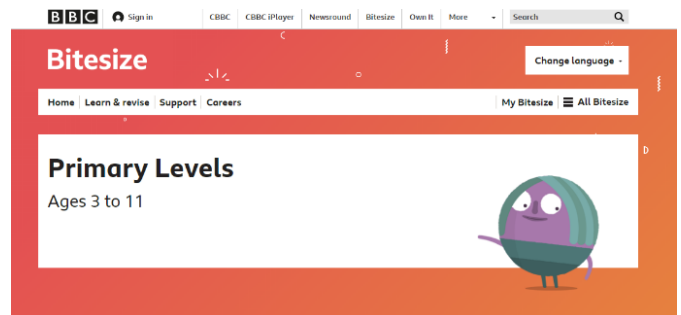

During the period of school closures, Classroom Secrets have created a kids section, where children can download age appropriate resources for all subjects.

<https://kids.classroomsecrets.co.uk>

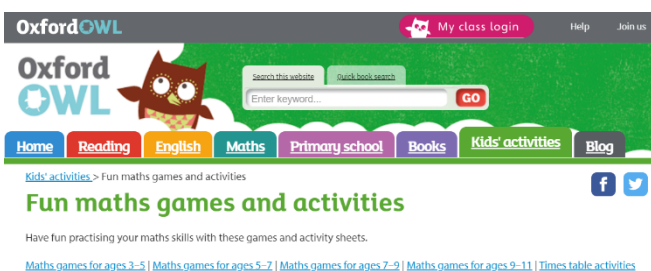

BBC Bitesize offer a range of free learning resources that children can access at any time. Resources cover all aspects of the curriculum, there is no need to sign up or register.

<https://www.bbc.co.uk/bitesize/primary>

Oxford Owl has lots of different maths activities for all ages. Some activities are interactive on the computer and others are task to complete that link with other subjects such as PE.

<https://www.oxfordowl.co.uk/for-home/kids-activities/fun-maths-games-and-activities/>

During School closures, being active is important to keep healthy bodies and healthy minds. See some ideas below on how to keep active...

BEING ACTIVE AT HOME

Stuck in the house? No worries! If you have a device with access to the internet, then these awesome activities can keep you entertained for hours! Remember to ask your adult's permission before using the internet. Or even better, ask your adults to join in with you!
