5th January 2021

Dear Parents/Carers,

Following our recent communication, I can now inform you of how learning will look for your child/children who are isolating at home from 6th January.

We have prided ourselves in making sure that our remote learning sessions are fulfilling your children's bespoke needs from both an academic and a personal perspective. Live learning will begin in earnest for all children not in school on Wednesday morning, 6th January, from 9.00am.

You will be sent the following information to your designated email address this evening.

- A digital learning timetable for this week
- Links to access the live lessons
- Instructions on how to access the live lessons
- A resource pack
- Rules and safeguarding procedures when attending the lessons

Each week of lockdown you will be provided with the links and resources for that week to support the lessons being delivered. Lessons are being delivered by teachers in school and they are looking forward to seeing their children virtually in the morning.

Attendance is compulsory at these sessions. The lessons on line will provide structure to pupils' daily routine. Staff will be checking attendance and calls home will be made if your child does not attend. In addition, teachers will be explaining how work will be submitted for marking and feedback during each session.

Thank you all for your continued support. We hope you continue to work with us over the lockdown period to support your child/children's learning.

Yours faithfully,

Ian Shuttleworth
Head of School
